

- 1. Run LoopCAD, HeatCAD or PlumbingCAD.
- 2. At the Main Menu, click the **Activate** link.

3. The **Program Activation** window will open and the **Install ID** will be displayed about 2/3 down the form.

| ★ LICENSE STATUS | | ACTIONS |
|----------------------------------|---|--|
| Activat LoopCAD Version: 1 | ed 2019 MJ8 9.0.1080 | I want to Purchase or Renew a License Purchase a New License Upgrade to MJ8 Edition Benew my Suberitation |
| Subscr REFRE | iption Valid 26 Day: sн sтатиs Remaining | S Update my current Activation 9 Reactivate on a New or Different Computer |
| 💷 LICENS | e information | Activate on a Secondary Computer I have an active Subscription |

- 4. Click the **Copy** button that is next to the Install ID field.
- 5. You can now paste this into a different program as needed (i.e. email). Typically you can right-click to get the **Paste** option, or press **Ctrl-V** on your keyboard.
